1. INTRODUCTION

STATISTICS

This document reports the details of 293 individuals, of which 150 are male and 143 are female. Of the 63 individuals with recorded birth and death dates, the average lifespan was 64.6 years. Of these, 34 males averaged 62.2 years, and 29 females averaged 67.4 years.

The longest living male was [Patrick Prendeville](#), who died aged 90. The longest living female was [Lucille Wilson](#), who died aged 94.

There are 86 families reported. 64 of these families are reported as having children, with an average of 3.4 children per family.

THE NARRATIVE SECTIONS

The "Direct Relations" section reports the details of individuals who have a direct family connection to [Joseph Francis Maher](#). The section is broken into sub-sections for each generation, within which the individuals are listed in order of closeness of relationship. The sequence numbers are used throughout the document to cross-reference back to the detailed entry of an individual.

With a narrative section, each generation is shown as a separate subsection, within which the individuals are listed in order of the closeness of their relationship to [Joseph Francis Maher](#).

FAMILY TREES SECTION

Each family tree shows the reported children, parents, grandparents and great-grandparents of a family group. In order to reduce redundancy, any family group which is wholly included within another family tree may not be reported separately.

Above each of the great-grandparent boxes (top row), a continuation family tree reference number is shown if the great-grandparent is recorded as a child in the continuation tree. A continuation reference number is also shown to the left of a grandparent or parent box if that individual has siblings reported in the continuation tree; and beneath a child box (bottom row) if that individual has children reported in the continuation tree.

In cases of multiple marriages, a continuation reference number preceded by "=" is shown to the right of a parent box. This number references the previous and/or next tree in which that individual is shown with another partner.
